- \*Dzus Buttons and springs

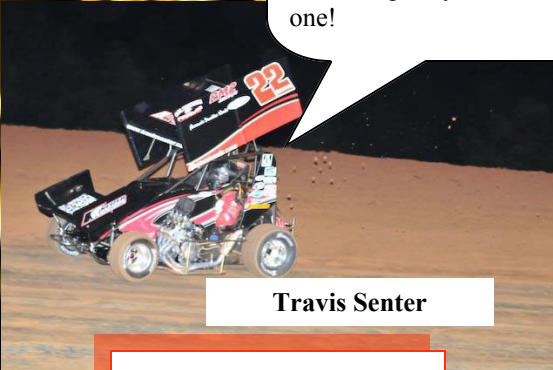

**-\$3,600.00--**

PMP Chassis is the lightest/strongest chassis I have ever owned. 18 Wins...in 2012...Proves the consistency!

I Could have chosen any car builder in the country. I went with the original innovator, Stan Yockey, he has built the perfect race car! The construction and quality is 2nd to no one!

**Bobby Z**

**Travis Senter**

**Delta Speedway Champion  
Nikko Panella**

**PMP Jr Sprint Rollers Starting at \$7000.00**
